

MQA

INTERNSHIP PROGRAMME

— 2024 —

2nd – 4th SEPTEMBER 2024

Programme Overview

The internship is a training programme for officials from related organizations who want to experience and fully immerse themselves in the Malaysian Qualifications Agency's (MQA) Quality Assurance Process.

Quality Assurance

Participants will explore the quality assurance procedures and processes in programme accreditation as well as institutional audit. Briefings and discussions during training will enhance their understanding of the QA concepts and system in the Malaysian context. Participants will gain firsthand insights into how a higher education institution implements its internal quality assurance system during the visit.

Standard Setting

Participants will acquire knowledge on standard setting processes and procedures implemented in Malaysia, including engaging and consulting all critical stakeholders in the development stage. The output in terms of implementing quality assurance documents enables Higher Education Institutions to remain relevant, reliable, adaptable and effective in the ever-changing higher education environment.
